Declaration of RoHS Compliance

Okmetic Oy certifies that Prime Silicon Wafers manufactured by Okmetic Oy comply with the requirements of **RoHS Directive 2011/65/EU (RoHS 2)** and **Directive (EU) 2015/863** on the Restriction of the use of Certain Hazardous Substances in Electrical and Electronic Equipment.

The restricted substances by RoHS Directive are:

	Maximum concentration values (wt%)
Cadmium (Cd)	0.01
Lead (Pb)	0.1
Mercury (Hg)	0.1
Hexavalent chromium (Cr VI)	0.1
Polybrominated biphenyls (PBB)	0.1
Polybrominated diphenyl Ethers (PBDE)	0.1
Bis(2-ethylhexyl) phthalate (DEHP)	0.1
Butyl benzyl phthalate (BBP)	0.1
Dibutyl phthalate (DBP)	0.1
Diisobutyl phthalate (DIBP)	0.1

Verification of RoHS compliance is carried out by analyzing a standard wafer in an accredited laboratory annually.

Markus Virtanen
